Attitude of Mexican Government Comes as Great Surprise.

Armistice of Five Days, Beginning at Noon Sunday, Is Signed, and Actual Peace Negotiations Are Now Under Way-Meeting on Banks of Rio Grande.

El Paso, Tex., April 23.-An armisfive days, beginning at noon and affecting the districts luarez and Chihuahua and west

is noted that Ojinaga, whose small Federal force is besteged, is not covered in the armistice, the insurrecto activities in that district being largely independent. It is expected that in the event of the settlement of the rebellion in Chihuahua, the situation at Ojinaga and other scattered places throughout the republic will receive attention. The moral effect of cessations of hostilities in Chihuahua is regarded as certain to make settlements in other parts of the country simple.

Actual Negotiations.

Actual peace negotiations preceded the armistice. It was known that a truce was agreeable to Madero, and a telegram from the City of Mexico informed General Madero that General Navarro had been instructed by Fresident Diaz to enter into the pact.

The concessions which the government is willing to make have been known for two weeks to General Madero, ever since Frederico Moye, a business man of Chihuahua, visited General Madero, at Rancho Bustillos. They were discussed at the meeting to-day by the various leaders and members of the peace mission. Those present were:

PLEA TO UNITARIANS

Taft Asks Them to Stand Forth and Aid the Faith.

Washington, April 22.—A plea to all Unitarians to stand forth and ald the faith and to provide in Washington "a principal church," to correspond with the cathedrals of other denominations, was made in remarks made by President Taft to-day at the regular service in All Souis' Unitarian Church, of which he is a regular attendant. In his address, made from the platform of the church, in the interest of a movement for a large Unitarian edifice, he referred to the discussion of his religious faith during his presidential campaign.

The President said that to some people it may not seem a necessary task to have a church which should show forth what Unitarianism is to the

Washington, April 23.—"A deficit in the operation of the Post-Office Department of \$17,600,000, inherited by the present administration of the postal service, practically has been wiped out," said Postmaster-General Hitchcock to-day. He had just received from the auditor for the Post-Office Department a final report showing that the revenues for the first six months of the current fiscal year aggregated \$115,573,\$17 and the expenditures \$117.614,550.

"The wiping out in less than two years of the dargest deficit in the history of the department," said Mr. Hitchcock, "was accomplished not by curtailing postal facilities, but by extending the service along profitable lines;"

He believes that the current fiscal year will show a surplus.

SHORT CALLS BY PREACHERS

Bishop Neely Advises Them to Avoid Opportunities for Scandal.
Biddeford, Maine, April 23.—Bishop Thomas B. Neely, of New Orleans, presiding officer at the Maine Episcopal Conference, now in session here, urged the New England pastors to keep a jealous watch on their good name in their communities.

jenious watch on their good name in their communities.

"Don't let gossip get a chance at you," he advised, in his opening address. "Be particularly careful that your pastoral calls are made in a manner irreproachable. Pastoral calls, particularly in small communities, have too often given food for the gossips. It is no part of a preacher's work to ring doorbells. Make your calls brief. When you are through discussing the particular branch of the partis work which brought you, your errand is done. A long visit is never necessary."

Canning, of Jersey City, who, as he entered Surrogate John J. Graham's court two weeks ago, threw his arms about the neck of the surrogate and exclaimed: "Judge. I want a square deal in this case," appeared to explain away a charge of contempt.
Canning had his lawyer apologize to the court, and in doing so the lawyer said that the Canning party had come out to Mineola in an automobilic; that Canning had been taken with chills, and had taken a glass of brandy, and later one of whiskey. Hence his familiarity with the court. With a smile the surrogate accepted the apology and purged Canning of contempt, after delivering a short lecture on upholding the dignity of the court.

Democrats Will Hurl Themselves Against Payne-Aldrich Law.

LINES OF BATTLE CLOSELY DRAWN

The Democratic leaders themselves admit that upon the free list bill the alignment will be closely partisan, and they expect that the discussion will continue for a week at least, and possibly two weeks. Then there will be a long lull in tariff revision activity in the House, and before any more tariff bills are submitted the lower branch of Congress undoubtedly will be marking time and adjourning from time to time waiting the report of the Ways and Means Committee on the revised textile schedules. The committee's real work on the revision of the wool and cotton schedules will not be undertaken until the farmers' free list bill has been passed.

After these schedules are prepared there will be a caucus of the Democratic majority, and the bills will be reported to the House as the caucus directs. That action probably cannot come for three weeks.
